Dear Donor:

How are you on this lovely day?

I am Lisa Lej and I am the Managing Director at Eco-Art Life Jamaica Limited, a registered nonprofit organisation formed by a group of Artists, Entrepreneurs, and Environmentalists. We promote an eco-friendly lifestyle in wellness and environmental sustainability to help Jamaica in achieving its Vision 2030 Sustainable Goals and also to provide aid to the elderly, children, and single mothers in need of rehabilitation so they can function in society by providing free creative, wellness and sustainability workshops. The elderly get to relax and forget about their pain and loneliness, children learn to care for the environment and develop hands-on skills for personal development, while single mothers learn skills so that they may be empowered to provide for their families.

Passion is the backbone of what we do and while we have made some great strides, Eco-Art Life Jamaica Limited still has a lot to accomplish. Now with the pandemic, we want to follow up with these schools and others in providing a helping hand. We need your support to provide Covid 19 care packages for the elderly, children and single mothers in need, island-wide.

The deadline for donation is November 8, 2021 as our aim is to start handing out these care packages on November 15, 2021. If you wish to contribute, please fill out the attached form or give us a call at +1 876.543.9442, +1.407.907.1339 (at around 11am & 2pm each day). Please click the link to view information: [Covid19 Care Donation Form](#)

Please confirm receipt and if there are any questions I am most happy to assist.

Thanks so much and have a spectacular day!!

Sincerely,

Lisa Lej

Managing Director
